

**Newton Classroom**

# Next-Gen Tools, for Future-ready K12 Schools!

Build a strong Technology Backbone for your School  
with a Modern, Integrated, People-first School  
Intelligence System (SIS).

Tasks are piling up 📅

Data is never up to date ⌚

Are Parents satisfied? 😞

Are academics on track? 📖

Are Finances in order? 💰

We get it, being a  
School Leader is very HARD!

Why are your old Tools not able to help?

## Presenting **Newton!**

Newton is a New-Age, powerful, unified School Intelligence Platform that helps your School manage its entire educational infrastructure on a single Future-Proof platform.

**With Newton, your School can stay ahead of the curve and build a Reputation for lasting growth!**

### **People First, High Impact**

Modern, No-nonsense, Research-based interfaces designed with your Staff in mind. Ensuring that every action taken by staff has a **10x Impact** on their work\*.

### **Quality over Quantity mindset**

Even though Newton is a true All-in-one solution, we believe in Quality over Quantity as being core to your transformation. We only launch something when we are sure it works in the best way possible!

## Robust Data Approach

Newton is built to make your School a Data-First School. With its superior Architecture, all your data is well-structured, organised and easy to draw insights from

## Modern, Powerful Technologies

It is built with the same technology as Facebook, Netflix etc. Familiar features that are super-fast, reliable and intuitive to use.
